WALID SAMIR RIFAII

Tripoli, Lebanon • (961) 70657961 • https://www.linkedin.com/in/walid-rifaii https://walid-rifaii.vercel.app/

SUMMARY

A highly motivated Full Stack Developer with expertise in Laravel, NestJs and MERN stack. Strong experience in developing scalable multi-vendor systems, e-commerce platforms, and dynamic dashboards. Proficient in both front-end and back-end development, with a focus on clean code practices. Skilled in writing efficient code capable of handling a high number of requests per minute and adapting quickly to new technologies as they emerge. Holds a Bachelor's degree in Computer Science and professional diplomas in Full Stack Laravel and MERN Stack development.

WORK EXPERIENCE

Full stack Developer , freelance   **Jan 2023 - Present**

- Developed multiple e-commerce platforms, incorporating advanced features like product variants, dynamic pricing, and analytics with Chart.js.
- Built a variety of management systems, including a clinic management system with booking,time management, and role-based access.

Node js developer (React, Express, Nest)   **Feb 2023 - Present**

- Developed scalable web applications and RESTful APIs using Node.js, Express.js, and NestJS, with performance optimization through Redis caching.
- Integrated React.js with Redux on the front-end, implemented real-time communication using Socket.IO, and managed data efficiently with PostgreSQL and MongoDB.
- Built dynamic platforms, including a multi-vendor e-commerce system with Stripe payments, Cloudinary for media, NodeMailer for notifications, and JWT for security, as well as an LMS with rolebased permissions, video courses, progress tracking, and analytics using charts.

Full stack Intern , DMP SOFT   **Oct 2022 - Jan 2023**

- Created 3 dashboards, gaining hands-on experience in UI/UX design and data visualization. Worked on backend
- tasks, including roles and permissions management to ensure secure and efficient user access control.

Front End , GEEKIT   **May 2025**

- Built scalable, performant web applications using **Next.js (App Router/Pages Router)** with **TypeScript** for type-safe

- Designed reusable **React components** with modular styling (CSS Modules/SASS) for maintainable and responsive

EDUCATION

Bachelor's Degree in Computer Science   **Aug 2021 - July 2024**

- Strong Technical Foundation: Gained comprehensive knowledge in programming,algorithms, and data structures

Certifications

- **MERN Stack Development**: Node js, React js, Express js, MongoDB
- **Full Stack Laravel Development**: React js, Laravel, MySQL

SKILLS

- **Frameworks:** React js, NestJS and Express js, Laravel
- **Database :** MySQL, MongoDB, PostgreSQL
- **Others**: Redis, Redux, Docker, chartjs, git, github, cloudinary, typescript
